RE: Case No. 2004-00292
Filing Deficiencies

Dear Mr. Rice:

As requested by the PSC in the above case the following information is provided:

The proposed water line will be constructed in the following areas of Martin County:

Area Number Corresponding to Attached Maps	Area	Linear Feet of Water Line to be Installed
1	Lower Fluty Lick Branch	8,421
2	Big Lick Branch	9,558
3	Dempsey Hollow	1,200
4	White Road	2,370
5	Williams Branch	1,660
6	Halls Branch	5,407
7	Horsepen Branch	1,025
8	Collins Branch	4,665
9	Sweetwater Branch	2,541
10	Tom Evans Lane	1,792
11	Sawmill Road	9,330
12	Poplar Thicket Branch	699
13	Emily Creek/Long Branch	18,323
14	White Oak Road	7,236
15	Cassell Branch	6,647

All construction will be in accordance with Kentucky Division of Water regulations and the Ten States Standards. The Division of Water approved the plans and specifications for these line extensions. Three copies of the plans and specifications are being submitted with this letter.

The map attached shows all of Martin County and these 15 areas at a suitable scale (1 inch = 10,000 feet).

Mr. Rice

Page 2 of 2

The Martin County Water District, a merged water district established under KRS Chapter 74, is the only public water system in Martin County. The line extensions listed above will not compete with any other utility, corporation, or person.

The Martin County Water District is connected to the City of Prestonsburg on the western side of Martin County along KY Route 3, with the City of Kermit, West Virginia on the eastern side of the County near Route 40 and 292, and to the Mountain Water District in the southeast corner of the County along Route 292. The Martin County Water District's connection to the City of Kermit and the Mountain Water District is for the purpose of purchasing water if needed. The connection with the City of Prestonsburg is to jointly serve the federal prison. With the exception of the federal prison, all customers in Martin County are served by the Martin County Water District. The map attached shows the location of the connections with these three utilities.

I trust that this information satisfies the filing deficiencies and on behalf of the District, we look forward to receiving the Certificate of Public Convenience and Necessity.

Sincerely,

Tetra Tech, Inc.

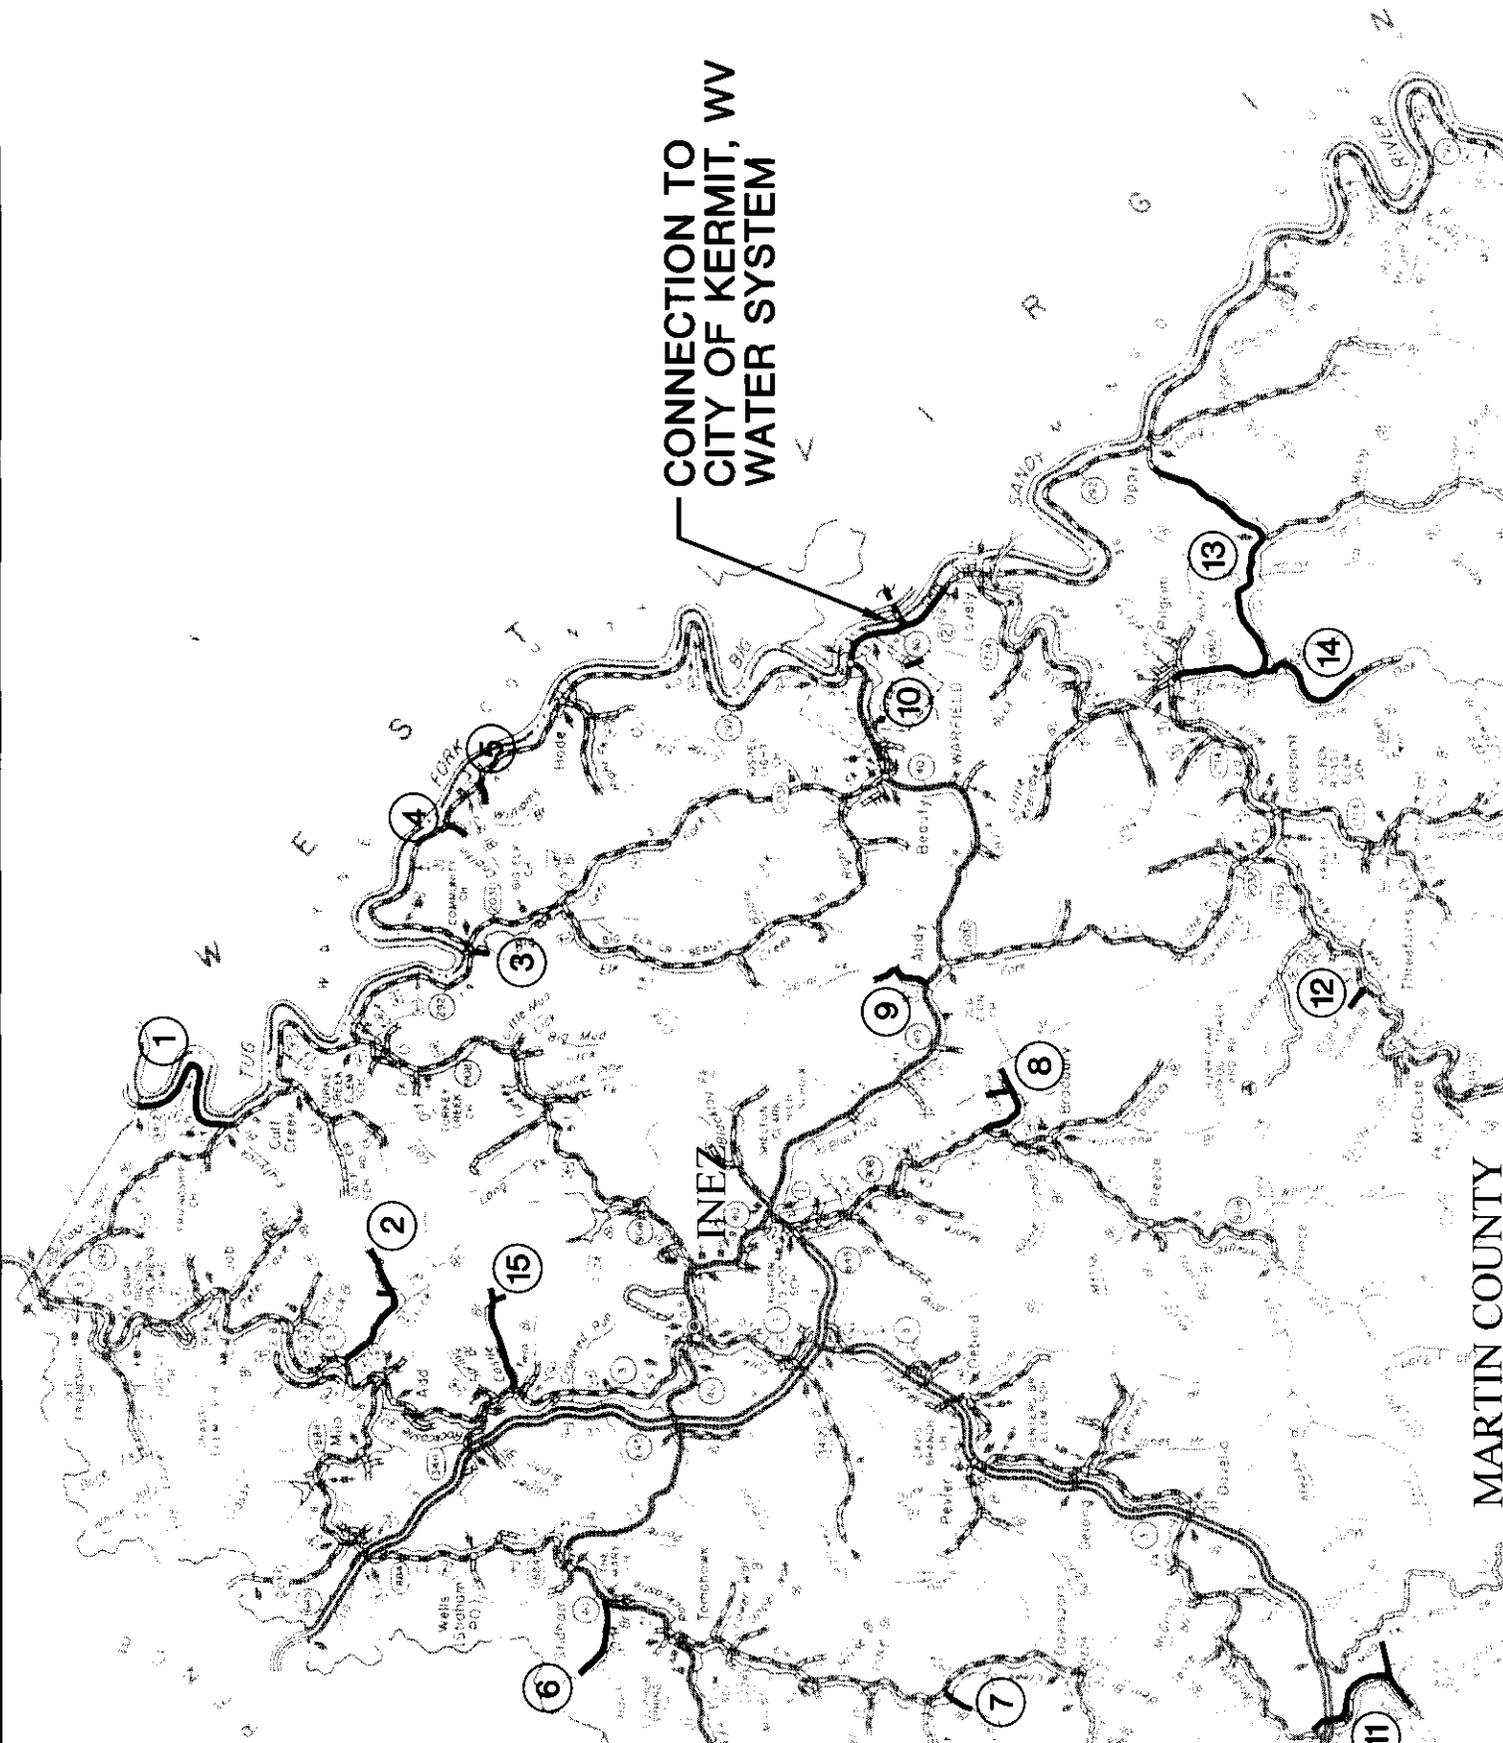

Holly L. Nicholas
